### **Importance of Thorough Item Descriptions & Tag Securing**

Seller understands that it is their responsibility to fill out each item's tag completely and properly. Seller agrees that any item found WITHOUT a tag, or with an illegible tag will be held in a lost and found area so that we may attempt to locate the tag or search for description information in our computer system. If the consignor's tag is reunited to the item we will put the item back on the floor for resale. If no information can be found for the item, or if descriptions found are too vague to guarantee it matches an item, it will be put in an unclaimed area for consignors to rightfully and honestly claim during pick up.

### **Discount Option:**

Seller agrees that on the designated half-price day of the sale, all items with the text "Discount:Yes" that visibly appears above the price and that is embedded into the barcode of the tag, will be discounted by 50 percent. The discount feature is completely optional and left to the discretion of the consignor while they create each tag in the system.

### **Pick Up Day:**

Seller agrees that ITEMS NOT PICKED UP by the end of the designated pick-up period will become the property of NFUMC to be donated to charity or any other sources that could benefit from them.

### **Consignor Checks:**

Consignor is responsible for keeping their address and phone number information up-to-date in the Sale Manager program. All checks will be mailed, by the preschool, to the address we have on file for the consignor at the end of each sale.

Seller agrees to cash issued proceed checks within 45 days of the date of the check. Checks will be void after this time. In the circumstance that a check is lost or misplaced, NFUMC will re-issue the consignor's check after the void date of the original check, after subtracting a \$50 check re-issuing fee.
